Behavior Agreement

I, Jean Hand, have been told that recent behavior on my part at FMC-Waxahachie dialysis facility is inappropriate, dangerous and disruptive and if continued could affect my ability to continue to receive treatment at FMC-Waxahachie. The purpose of this agreement is to outline what will be required of me so that this will not happen.

I, Jean Hand, agree to the following conditions of and for treatment by FMC-Waxahachie.

1. I understand that a pre and post-evaluation of my blood pressure by the facility staff is necessary to identify my response to the dialysis treatment and to ensure appropriate follow-up. I further understand this is necessary for the protection of myself and others and may prevent the facility from releasing me from its care after my dialysis treatment. If I enter the facility without medical assistance (i.e., wheelchair or gurney), I will stand for a pre and post treatment blood pressure every treatment. I will not refuse or make negative comments to the staff members regarding this request.
2. I will refrain from giving other patients medical advice or distributing any written or electronic materials on the facility premises that has not previously approved by the Clinic Manager for distribution.
3. I will not be verbally abusive or make any threats, verbal or physical, to facility staff or other patients at any time. I understand that my treatment may be discontinued if my disruptive behavior continues and in any way interferes with the care and treatment of other patients or disrupts the operations of the facility. If necessary the police will be called..
4. I understand that staff members are professionals and will treat me with respect. I agree to treat staff members with respect.
5. I can expect that my complaints or concerns will be heard and responded to. I can expect to receive a response in a reasonable amount of time. If I am not satisfied with the response, I have been provided information about the facility's grievance policy and how to contact the
